Return claim form to Claims Department with the following: (Please note this form alone will not serve as a claim)

- **Proof of property ownership** indicating you are the original owner or the first transferee since the purchase and install.
- **Documentation** confirming James Hardie siding (and ColorPlus finish if applicable)
- **Photographs** which illustrate your concerns

These are examples of the photos needed to submit with your claim. **Please include full elevation shots of the front and all sides of your house, followed by photos of the areas of concern.** Also provide photos of rooflines, decks and vents. Notice from the examples that the photos are close-up but show a larger area than what is affected. (Do not take photos closer than 6 inches) Take photos of every elevation in a clockwise motion: front, right, back, left. If an elevation is not affected, please provide one photo of it so that all together a full view of the home is received.
